

# ChartMaker® PatientPortal Release Notes

ChartMaker® 2016 (fv6.2.4) (Deployed 09/05/2017)

## ***Added Features***

- **PatientPortal – Direct Messages** – The Send a Message to a Provider in Another Practice page has been updated with a Date Range field that allows you to filter the various drop-down fields (Attach a Clinical Summary, Attach a Lab Report, Attach Order, Attach Other Information) for a specified date range when including attachments in the direct message. You can also Clear a selected date range as needed.
- **PatientPortal – Health Information** – The Health Information pages (Clinical Summaries, Lab Reports, Orders, and Other Information) have been updated with a Date Range section that allows you to filter the summaries, reports, orders, and other information for a specified date range. You can also Clear a selected date range as needed.
