ChartMaker® Practice Manager Release Notes

ChartMaker® 2022.1 (fv6.7.2)

Important Notifications

- **Upgrade from Microsoft Server 2008/2012 and Windows 7/8 –** Since January 2020, your **Windows 7/8** workstations and **Microsoft 2008 Servers** are no longer supported. Likewise, support for **Windows 8.1** will end on January 10, 2023, and support for **Windows Server 2012/2012R2** will end on October 10, 2023. Even with security patches, **problems may still arise** if you choose not to upgrade. In addition, your workstations are not HIPAA compliant. To avoid these issues, contact our **Technical Services Department** today.

- **SQL Server 2016 & the ChartMaker 2018.2 (File Version 6.3.3) Upgrade –** Beginning with ChartMaker 2018.2 (File Version 6.3.3) Upgrade, a warning message will appear upon the completion of the upgrade regarding the transition of the ChartMaker Medical Suite to using SQL Server 2016, for those offices where an automated upgrade to SQL Server 2016 was not possible. See the figure below. If you are receiving this message, to avoid potential issues and to ensure your system remains HIPPA compliant, it is important to contact either STI Hardware Helpdesk, or your software vendor, to review your options.

ChartMaker Medical Suite SQL Server 2016 Warning

Add-Ins

- **Clinical – Immunization – VFC Eligibility –** The **Description** field in the VFC Eligibility dialog has been updated to accept up to 50 characters. In previous versions you could only enter up to 20 characters.

Patient

- **Patient – Other – More Patient –** The relabeled **Previous Info** dialog (accessed via the relabeled **Previous Info** button in the More Patient Information dialog), that was in previous versions labeled Previous Address dialog/button, has been updated with a **Previous Name** section, which moved from the More Patient Information dialog, and has been updated with **From** and **To** fields allowing you to configure a date range for the previous name. See Figure 1. When entering From / To dates, you can enter just the Year, or Month and Year, or Month, Day, and Year; however, you cannot enter future dates, and the From date cannot have a later date than the To date. Likewise, if you enter a From date, you must enter a To date, and vice versa.

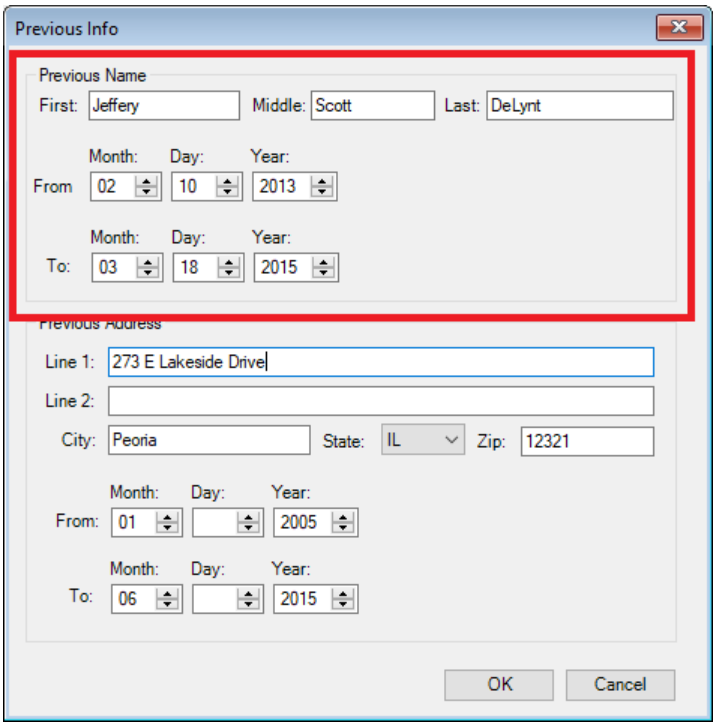

Figure 5 – More Patient Information – Previous Address

Reports

Lists Reports

- **Patient → Patient Short Listing –** The Patient Short Listing report has been updated so that the **Operation** drop-down list now contains an **Is Blank** option when selecting **Patient Ethnicity**, **Patient Language**, and/or **Race** in the Field Name drop-down field for the Select Criteria, allowing you to run the report for any patients that do not have an ethnicity, language, and/or race configured.
