ChartMaker® Practice Manager Release Notes

ChartMaker® 2022.1 (fv6.8.4)

Important Notifications

- **Upgrade from Microsoft Server 2008/2012 and Windows 7/8 –** Since January 2020, your **Windows 7/8** workstations and **Microsoft 2008 Servers** are no longer supported. Likewise, support for **Windows 8.1** will end on January 10, 2023, and support for **Windows Server 2012/2012R2** will end on October 10, 2023. Even with security patches, **problems may still arise** if you choose not to upgrade. In addition, your workstations are not HIPAA compliant. To avoid these issues, contact our **Technical Services Department** today.

- **SQL Server 2016 & the ChartMaker 2018.2 (File Version 6.3.3) Upgrade –** Beginning with ChartMaker 2018.2 (File Version 6.3.3) Upgrade, a warning message will appear upon the completion of the upgrade regarding the transition of the ChartMaker Medical Suite to using SQL Server 2016, for those offices where an automated upgrade to SQL Server 2016 was not possible. See the figure below. If you are receiving this message, to avoid potential issues and to ensure your system remains HIPPA compliant, it is important to contact either STI Hardware Helpdesk, or your software vendor, to review your options.

ChartMaker Medical Suite SQL Server 2016 Warning

Add- Ins (continued)

- **Insurance Billing – Waystar Clearinghouse – Remittance Preferences –** The Remittance Preferences option via the **Add-Ins** > **Insurance Billing** > **Waystar Clearinghouse** menu has been removed as well as the associated preference functionality.

General

- **System Update – Sign in to Practice Manager –** The Practice Manger login screen has been updated to display a medication-related banner on the bottom of the screen for applicable providers. See Figure 1. This banner will provide medication-related information allowing you the opportunity to get additional information via clickable links.

General (continued)

- **System Update – STI is now Azalea Health –** Throughout the system the company name has been updated from STI Computer Systems to **Azalea Health**. This includes the company logo on login screens, splash screens, patient access API emails, as well as other areas of the system that previously indicated STI Computer Services.

  For example, the bottom of the Practice Manager login screen has been updated to display the Azalea Heath logo, indicating that STI has joined forces with, and is now, Azalea Health See Figure 2. Likewise, to the right of the screen, under the **Did you know?** section, a new feature message will be displayed outlining the merger of STI and Azalea Health, along with a link to dedicated webpage where you can learn further details and obtain current information about the merger.
